

DB 52.1

**2-way component system
5.25 inch, with injected PP-
cone, soft dome tweeter with
silk edge and crossover**

The spectacular DB-speakers offer, in addition to an attractive design based on individual HELIX-baskets and HELIX-grilles, steady sound quality with a clear and powerful mid/bass reproduction.

The small mounting depths account for an easy installation in any car.

Features:

- 5.25 inch mid/bass
- 25 mm soft dome tweeter
- injection-moulded woofer diaphragm for avoiding disruptive resonance
- special rubber edge surround for high loadability and long operating time
- universally applicable Euro-DIN baskets in individual HELIX-design for easy installation in virtually any vehicle type
- delivery contents: 2 mid/bass speakers, 2 tweeters, 2 crossovers, 2 grilles
